We are pleased to announce Mr. Matthew B. Siano as our 2020 Howard J. Busbee Finance Academy Alumni Award Recipient!

Mr. Matthew B. Siano, Esq., '96, General Counsel at Two Sigma Investments, LLC, has devoted countless hours teaching, mentoring, and engaging with William & Mary students through his Fundamentals of Hedge Fund Management course and continuous involvement with our annual From DoG Street to Wall Street panel series.

The Howard J. Busbee Finance Academy Alumni Award is presented on behalf of the members of the Finance Academy to graduates of William & Mary who have distinguished themselves in their careers in finance. Awardees are recognized for their selfless contribution of their valuable time and dedication to helping the current student body deepen their understanding of finance and discover their career interests.

From DoG Street to Wall Street Virtual Series Kick-Off

As the fall semester began in a virtual environment, we were thrilled to offer the 14th annual From DoG Street to Wall Street event as a VIRTUAL panel series. "DoG to Wall" is sponsored by the Boehly Center for Excellence in Finance, the Cohen Career Center, and the Howard J. Busbee Finance Academy, a student organization created to connect William & Mary undergraduates with finance professionals from across the spectrum. Each year over 40 alumni and friends help interested students learn more about careers in finance through panel discussions and presentations.

On Tuesday, September 8th we hosted the DoG to Wall Keynote session with [Matthew B. Siano, Esq. '96](#) as the kick-off to the panel series. Mr. Siano was introduced by Dean Pulley to over 120 student Zoom attendees, and engaged in thoughtful Q&A with Finance Academy President Alhassan Ouf and Finance Academy Officer Jack Spencer. Mr. Siano provided insight and advice on a variety of topics ranging from current market trends and issues, professional presence, and how to make the most out of their time at W&M. Student attendees submitted their own questions throughout the Keynote session and Mr. Siano spent time addressing students' questions in great detail. We are incredibly fortunate to have such committed and engaged alumni support this influential event.
