JASMINE ATTIKESE '07

Senior Financial Controller, Rémy Cointreau

Jasmine Attikese is the Senior Financial Controller of Rémy Cointreau whose experience include being the Controller for the Cognac Portfolio under the Remy Cointreau Group where she managed the sales and profitability of brands such as Remy VSOP, 1738, and the iconic Louis XIII. Prior to that, she held various finance roles at CPG brands such as L'Oreal, Macy's, and Discover Credit Cards. Jasmine graduated from William & Mary in 2007 and completed her part-time MBA at Fordham University in 2014 while working full-time.

MATT CHO '17

Director, Corporate Finance and Strategy, Happify Health

Happify Health is a rapidly growing global software-enabled healthcare platform. Our focus is to design and deploy software to help improve mental health, physical health and well-being. We are creating a future where better health outcomes can be powered by technology—leading to more personalized care that can improve the everyday lives of more people. At Happify Health, Matt is the Director of Corporate Finance and Strategy directly reporting to the CFO. Primary responsibilities of the corporate finance function include FP&A, business development support, the investor relations & capital markets function, and implementing a strategic finance mindset across the company. Prior to working at Happify Health, Matt was an Associate at Goldman Sachs in the Urban Investment Group focusing on impact investments primarily through real estate.
