### BECCA GILDEA '12

**Financial Consulting Senior Manager, Ernst & Young (EY)**

Becca is a Senior Manager at Ernst & Young (EY) and provides consulting services to Treasury departments in financial service institutions. Now based out of Charlotte, she has worked for EY since graduating from The College of William & Mary in 2012 with a major in Accounting and a concentration in Finance. Becca leads teams to provide complex solutions related to liquidity and capital management (e.g. stress testing, limits frameworks) as well as other key Treasury initiatives such as funds transfer pricing and resolution planning. While working for EY, the company sponsored Becca to attend Wharton's Executive MBA program at the University of Pennsylvania where she obtained an MBA in May '19.

### ALEXANDER DON '17

**Associate, MUFG**

Alex Don is an Associate in General Industries for the East Coast in MUFG's Corporate & Investment Bank and is based in New York. Alex's responsibilities include supporting customer relationship management for Investment Grade, Mid-Corporate, and High Growth clients, as well as assisting in new client development. Alex is in his fourth year at MUFG, and completed MUFG's two-year Global Analyst Rotational Program which allowed him to have the opportunity to work abroad in Japan for several months. Prior to starting at MUFG full time, Alex interned with MUFG in the U.S. Corporate & Investment Banking 10-week internship in New York, working in Global Markets. Alex graduated from William and Mary in 2017 and holds a Bachelor's Degree in Process Management & Consulting with a Concentration in Finance.

## MADISON DILENCE '20

### Analyst, Cornerstone Research

Cornerstone Research is an economic and financial consulting firm that provides state-of-the-art analyses to support expert testimony in high-profile litigation cases. We work with a broad network of testifying experts, including top industry practitioners and academics. The work that we do spans across a myriad of industries, including antitrust, healthcare, intellectual property, and financial services. Analysts such as myself are involved in almost every aspect of our work, from conducting qualitative and quantitative analyses to providing input on case strategy.
