## Monthly Happenings September 2021

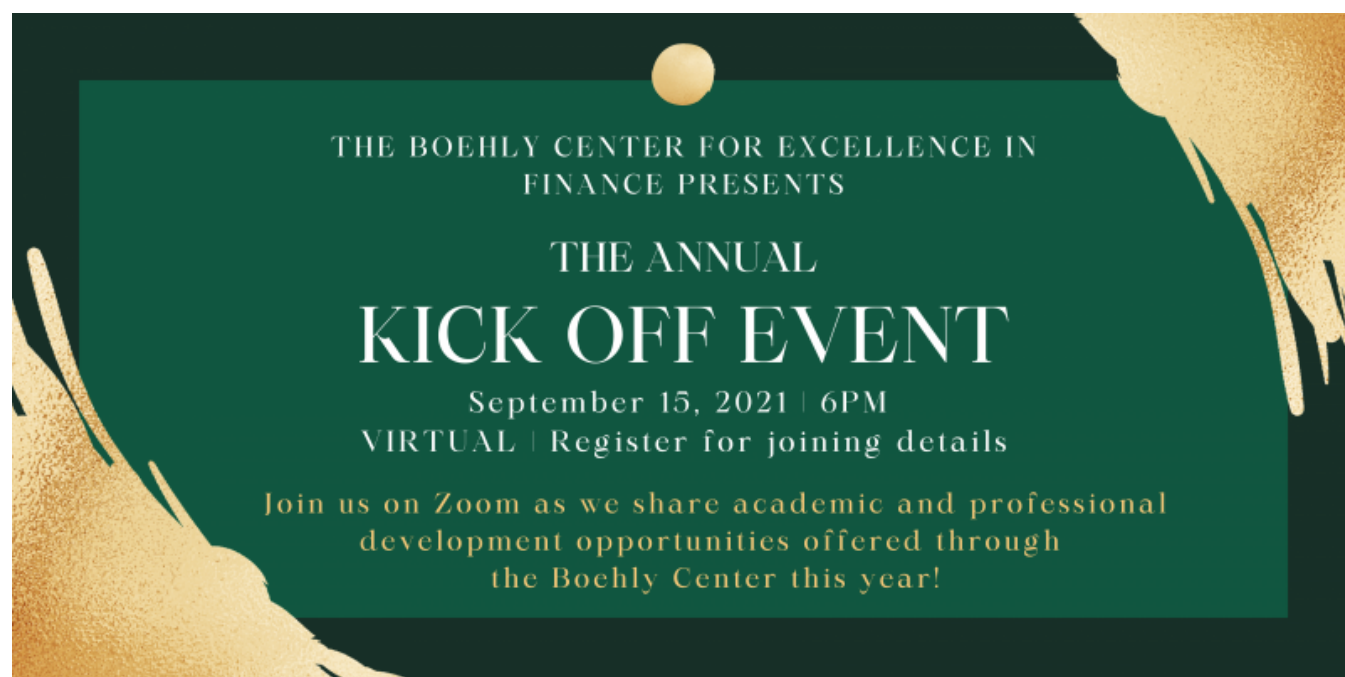

Welcome to The Boehly Center Monthly Happenings newsletter!

## W&M Requires Masks Indoors & Outdoors

**Masks are required indoors & outdoors** for all students, faculty, staff and visitors on campus unless you are actively eating, drinking, or can maintain appropriate physical distancing of at least six feet. Masks are still required indoors except when in dorm rooms and single-occupancy offices. Wearing a face mask helps prevent the spread of COVID-19 — but only if worn properly, covering both your nose and mouth.

## Executive Director Scoop

The Boehly Center is back in action, on campus, and our doors are open in Miller Hall, Suite 2002. Come say hello! Undergraduate students started classes on September 1 and the buzz in the hallways is picking up! Students have already started to swing by our suite to check in, schedule appointments and register for upcoming programs and events.

After 18 months meeting students through a computer screen, we cannot express how refreshing and exciting it is to meet students face-to-face. Our students continue to be resilient, brilliant and determined. We have a busy fall semester ahead with our annual Welcome Back Kick-Off Event on September 15, From DoG Street to Wall Street on September 30 & October 1, Training the Street, our new SQL training, the launch of our Mentor Match and Peer Mentorship Programs and of course campus recruiting! Thank you for your continued support, dedication and leadership to our students, the Boehly Center, the Raymond A. Mason School of Business and William & Mary. Welcome back and GO TRIBE!

**Morgan Hutter**, *Interim Executive Director*

**Name:** Benjamin Simon

**Major:** Public Policy, Accounting

**Graduating Class:** 2023

**Current/Upcoming Experience:** In the summer of 2022, I will be interning in the Audit department at KPMG in Boston, MA. I am also currently conducting bilingual education research with a professor in the W&M School of Education; we submitted our first collaborative paper last month, and we are submitting our second paper at the end of the Fall semester.

**How has the Boehly Center impacted you?:** My experience with the Boehly Center has been limited to my work with Ms. Hutter and Ms. Trice, who advised me in my job search for 2022. After the first time we met and spoke to one another, the advisors at the Boehly Center provided me with a list of W&M alumni who worked at various firms in which I was interested. They guided me through the various processes of reaching out to alumni, setting up informational interviews, preparing questions, and eventually entering the hiring process. It was directly through their work with me that I was able to get in contact with a Boston recruiter at KPMG, where I applied for and was offered a summer audit position. My internship search was frustrating until I was introduced to the Boehly Center. Their advising style is incredibly organized and logical, they respond early and often, and, on the off chance that they don't know the answer to my question, they know who does. I have never had an advisor on whom I have relied more readily and more comfortably than Ms. Hutter and Ms. Trice; I would recommend them to students of any graduating class or major.
