How has the Boehly Center impacted you?
Dannita Trice was instrumental in guiding me through the recruiting season. She greatly helped improve my resume and interview skills, while encouraging me to give back to others.

Professor Joey Smith, the incoming director of the Boehly Center, was also very helpful in formulating my personal financial strategy over the next several years -- I would highly recommend taking Advanced Investments with him. The Cognitir Python and SQL trainings offered through the Boehly Center cemented my passion for analytics. I look forward to continuing my involvement with the Boehly Center next year!

Boehly Center Attends the 2022 Faculty & Staff Convocation

Boehly Center staff attended President Rowe's annual **Faculty and Staff Convocation** on Friday, July 22 in the Wren Yard. President Rowe provided an inspiring message to faculty and staff and she tossed two autograph signed frisbees -- one of which Dannita caught which we'll now display proudly in the Boehly Center. The occasion was topped off with a walkthrough of the Wren building, where we were greeted and cheered on by

student athletes followed by networking and fellowship with fellow colleagues in front of the Sunken Gardens. What a day to be a part of the W&M Tribe!

Pictured from left to right are *(top)* Dannita Trice, the Griffin, *(bottom)* Liberty Bassett, Kathy Wang, and Dezire Morris; we were fortunate to have two of our student staff join us in the 'Burg to attend!

INDUSTRY INSIGHT, CAREER PREP, AND MORE

Find me a mentor

Find me a mentee

The Alumni Mentor Match Program is designed to give current undergraduate students a connection to alumni mentors in industries or companies in which they have limited exposure.

Mentors and mentees will meet twice each semester (fall and spring, between November 2022 and May 2023), and mentors will be asked to review their mentee's resume, LinkedIn profile, and to assist with mock interviews. Mentors can also provide perspectives on work & life as to help students create a clear vision on what to expect post-graduation and in the careers of their choosing.
